CAREER OBJECTIVE

Goal-oriented MERN Stack Developer seeking to leverage technical proficiency and practical project experience in a challenging role. Committed to developing high-quality, scalable web solutions while ensuring continuous professional growth.

SKILLS

- **Frontend:** React.js, Next.js, Tailwind CSS, JavaScript (ES6+), HTML5, CSS3
- **Backend:** Node.js, Express.js, RESTful API Development
- **Database:** MongoDB
- **Authentication:** Firebase
- **Tools:** Git, GitHub, VS Code, Figma, Postman, Vercel/Netlify
- **Soft Skills:** Teamwork, Time Management, Event Management, Public Speaking

PROJECT

1. Zap Shift Service | MERN Stack Parcel Delivery App | [Live Link](#) | [Client Code](#) | [Server Code](#)

A comprehensive, full-stack parcel delivery application featuring a secure multi-role dashboard system (User, Rider, Admin) for efficient logistics management.

- Implemented **Role-Based Access Control (RBAC)** to manage distinct workflows for admins, riders, and users.
- Developed robust **RESTful APIs** using **Express.js** and **MongoDB** for seamless parcel booking and status tracking.

2. Civil Report | Public Infrastructure Issue Reporting System | [Live Link](#) | [Client Code](#) | [Server Code](#)

A civic tech platform enabling citizens to report infrastructure issues and allowing admins to track resolutions transparently.

- Built a complete issue tracking workflow (Report -> Assign -> Resolve) using the **MERN Stack**.
- Developed specialized dashboards for Admins and Staff to prioritize and manage public reports efficiently.

3. Eco Event | Community Platform | [Live Link](#) | [Client Code](#) | [Server Code](#)

A social platform connecting individuals to local community service events with advanced discovery features.

- Implemented complex **filtering, searching, and date validation** logic to enhance event discovery.
- Secured user data and event management features using **Node.js** and **Firebase Authentication**.

EDUCATION

Diploma in Computer Science and Technology | Tangail Polytechnic Institute | Current

LANGUAGES

- **Bengali:** Native , **English:** Conversational
